

Featured Volunteers of the Month

Rosa Stodolka has been a Youth for Christ volunteer for over 2 years. She has coordinated the meals for many of our events, including: Love in Action and the Craft Fair Fundraiser. CYFC event participants have expressed how wonderful Rosa's meals taste. Rosa not only gives of her time and talent but Rosa and her husband David, donate to our monthly "Thrive Campaign" because they believe in the mission of CYFC to reach unchurched youth with the Gospel. Additionally, Rosa has been very instrumental in recruiting other volunteers to help at our various events. CYFC is truly blessed to have outstanding volunteers like Rosa who are committed to prayer and sharing the Gospel with at-risk youth in our community.

Casper Youth for Christ will be Hosting Tours!

Starting in March, Casper Youth for Christ will open its doors to provide tours for our donors, churches and the community at large. It is our goal to inform everyone about the amazing God experiences that are taking place at CYFC as well as how individuals and organizations can partner with us in reaching hurting youth in our community. We would like to invite you personally to see the renovation of the Link and how God is impacting the youth in our city through the various Gospel outreaches of CYFC.

Invest in the Future of our YOUTH!

We met our Goal!

Our new stove will be installed in April! Thank you to all of our generous donors for contributing to this project. We will be able to feed lunches to more youth as well as provide a variety of hot meals in 2016,

Casper Youth for Christ provided 7,896 meals to students during the 2015 school year.

March Matching Challenge

"Double your Impact"

A benevolent benefactor has graciously made available a \$25,000 matching grant to Casper Youth for Christ, and we are excited to get the word out to all our friends and partners. Every donation received during this March Matching Challenge will be matched up to \$25,000 thus providing \$50,000 for our general operations budget.

Would you prayerfully consider making an investment in what God is doing in revitalizing and expanding our various outreaches to at-risk youth of our community? As we develop relationships with these youth, trust increases such that they share their deep-seated issues. We then have the opportunity to share Biblical counsel. Thank you for your gift. Together we can positively impact youth in our community!

When you Give your gift will be matched this month!

Youth Lead our Outreaches!

Natrona County High School

We have one young man named Micah that attends our youth "Verge" night that is really growing spiritually. He has now developed into a young leader

that is doing a Campus Life bible study at NCHS after school every Friday. He is planning to go to Bible school in the future and wants to be a missionary. We are praying that God will continue to raise up young leaders such as Micah to impact their schools with the Gospel of Jesus Christ.

Centennial Middle School

It continues to amaze me to see God at work in all of our outreach programs. All of our campus life Bible studies continue to produce fruit. This week during our Centennial 7th grade Outreach, we had a youth lead and teach the class. He told the youth that he was going to teach them something that he learned at his church. He spoke about being a spiritual thermometer. He began to explain how as a Christian we can change the atmosphere in a room because Christ lives in us. If we walk into a room that is full of heaviness, because we have the love and life of Christ in us, that room can be filled with joy and peace. The other youth in the room would raise their hands and ask him questions about being that spiritual thermometer. Praise The Lord!

Outreach at the Juvenile Detention Center

Sharon and I visited the Natrona County Juvenile Detention Center (NCJDC) this month. Many of

the teens that we minister to are inundated with cell phones, Facebook Twitter etc. This wasn't so much the case with this group at NCJDC. I realized this visit that many of the youth are not as much lured by these things but by survival. As they are in survival mode they do not have the understanding that there is a God who is a Father who wants to minister to their every need. One of the teens there shared with us that he liked to steal to get what he needed and that was why he was there. We began to minister to him and shared with him how that stealing opens the door of poverty, and ultimately leads to destruction. He listened intently and was eager to hear how he could change his lifestyle. As we began to pray over the other boys the heaviness left the room and they all wanted to know what God had to say about their lives and future. Spreading God's hope, future and destiny is what YFC is all about.

Touched by God's Presence!

The Verge Outreach

The "Verge" youth night continues to be a big hit! New youth are coming in to see what it is all about. As the presence of God is experienced on Thursday nights, the Verge continues to grow. Many of the youth are telling us about the peace and joy they are experiencing at our services on Thursday nights. There was a young teen last week that was really touched by the presence of God. When she was prayed for she began to weep as God touched her deeply.
