

Volunteer of The Month

Meet our volunteer of the month, Leslie Thies. Leslie serves youth through our Lunch at the Link outreach. Afterwards she helps clean and always smiling as she works unto the Lord. Recently, Leslie helped renovate the women's

bathroom. She did an amazing art piece of Birch trees on the walls. You can see her amazing work in this picture Leslie enjoys volunteering at the Link because she enjoys being around the staff and pouring out the love of Christ to the youth with purpose in her heart. We are so grateful for Leslie's labor of love. If you would like to volunteer at CYFC,

"The ultimate mission of Youth for Christ is to raise up lifelong followers of Jesus. It is possible to see God touch and transform an entire generation of youth."

Sharon Lockwood,
Executive Director

There is a great battle going on between light and darkness. This battle is not only going on in government but also in our education system, media, and every part of our society. Youth today have access to an infinite amount of worldly philosophies and counter-cultural influences. They are facing a spiritual battle unlike any previous generations.

Our facility at the Link provides a safe haven and an atmosphere for engaging youth in meaningful, personal spiritual conversations. Knowing that our labor in the Lord is not in vain, we believe one day we will see eternal dividends in heaven as well as in this time!

In my conversations with youth, I have noticed that more youth are intrigued with the supernatural and are searching. They are dabbling in the occult and other belief systems. Hollywood has provided a socially-upstanding portrayal of witches and the dark arts and their target is youth. God's love and power is greater and can draw these searching youth into an amazing relationship with their Creator. **Your prayers and support help redirect the lives of these youth from the domain of darkness into the Kingdom of His beloved Son—Col. 1:13** Thank you for supporting CYFC-together we can change young lives through Christ!

Church Planter Partners with CYFC!

We are 27 months into the church planting process of Wind City Church, we are so grateful for Casper Youth for Christ! First, when we moved to Casper, we began to search out opportunities to serve within the Christian Community...especially in the areas of outreach to the lost

and least. CYFC immediately availed an opportunity to serve in the Campus Life Ministry. We began serving as Campus Life leaders on the Kelly Walsh Campus where our twin daughters were starting their freshmen year. Now we look forward to the third year of Campus Life. This has given us great opportunities to meet students and their families. As I write, I can point to two families that have begun to follow Christ and are part of Wind City Church because I met students at KW's Campus Life.

Next, when we were looking for a place for our growing new church to meet, we asked CYFC about using their amazing facility - The Link - in downtown Casper. They seemed as excited as us to make that available. We began using the Link for our Sunday 3:16pm worship times in July of 2015 and will continue using it thru October 2016 when we will relocate into Eastridge Mall. It has been a huge blessing for us and has opened the doors (literally) for us to meet hundreds of souls in our city. CYFC has been a great blessing to us and I can only hope that we can continue to be a blessing to this organization as it serves the youth of Casper. Middle School Outreach Thriving!

I would like to give a great praise report about Centennial Middle school Campus life. We started doing our Campus Life middle school program when school started up this September. When you begin a new school year you are never sure how many students will show up. Well, last week in my 7th grade Campus Life Bible study there were 28 students that attended. I believe that every seat in the classroom was taken. It's pretty amazing that 28 youth came to eat pizza and talk about Jesus and how He wants to be involved in their lives. Also, many of the youth that were in the 7th grade campus life last year are now attending our 8th grade campus life with new ones coming every week. Kim Warren and Chris Culver are doing a great job with the youth in the 8th Grade Campus life. Carl House, Ministry Director

GIVE LIFE TO YOUR STORY

Gregory has been coming to the Link for 3 years. He is in his senior year of high school. Gregory enjoys coming to the Link because he feels there are friendly people to talk to here and it is a fun place to hang out.

Gregory shared that his grandparents are Christians so he is familiar with the Christian belief. Gregory believes in evolution because it makes more sense to him in a scientific way. Our staff has had great conversations with Gregory about our Creator and intelligent design. We gave Gregory a DVD to listen to called Evolution versus God. Gregory shared it doesn't offend him that we share with him about creationism because he enjoys hearing other viewpoints. He is not sure what his thoughts are about God at this point.

Gregory has four classes but he only goes to school every other day so he either hangs out at the Link on his off times or stays home. Gregory also shared that he feels accepted here and enjoys eating the lunches that we serve.

We believe God has a wonderful purpose for Greg according to Jeremiah 29:11 and it is our prayer that he will fulfill his God-given destiny.
