Announcing **MARCH MATCHING CHALLENGE - 2020!!**

Did you know that Suicide is the second leading cause of death amongst youth in Wyoming? Youth face many challenges today, including bullying, homelessness, social isolation, poverty, teen pregnancy, and addictions. We believe the answer to this dilemma is the Good News of Jesus Christ. **In 2019, Fifty-three youth received Christ as a result of the outreach ministries of Casper Youth for Christ.** You could impact troubled and broken youth this year by partnering with Casper Youth for Christ. **Your giving has double the impact!**

A benevolent benefactor has graciously made available a matching grant to Casper Youth for Christ (CYFC), and we are excited to get the word out to all our friends and partners. Every donation received during this March Matching Challenge will be matched up to \$15,000, thus providing a much-needed sum of \$50,000, which will help us cover some of our general operating expenses.

Would you prayerfully consider investing in what God is doing in our various outreaches to at-risk youth in our community? CYFC continues to reach out to youth at our numerous outreach locations, which include: the Natrona County Juvenile Detention Center, several middle schools and high schools, Youth Crisis Center, “The Verge” youth Bible Study, and our Lunch at The Link outreach. We develop genuine, compassionate relationships with youth, trust grows such that they are open to sharing some of their deep-seated issues and we then have the opportunity to minister the love of Christ to them in all of our outreaches.

Would you kindly consider partnering with us through this blessed opportunity as we continue to expand our outreaches to at-risk youth of our community?

Respectfully Requested,

Carl A. Wolosin
Administrative Assistant

Sharon Lockwood
Executive Director
